Pricing Information:

A basic spa move is **\$400.00** plus any mileage, if outside standard Pools Plus delivery area. A basic move indicates the spa is outdoors, at ground level or on an open deck no higher than 3 feet off the ground. Pools Plus will never move a spa sunk into a deck! A basic delivery includes two Pools Plus Delivery Associates and the tools needed to move a spa. **The spa needs to be drained and electrically disconnected prior to the move. The jet lines need to be blown out by shopvac to remove as much water as possible.** The spa needs to be on top of the deck and all deck rails removed. If you are unable to blow out the lines, Pools Plus can do this for \$100. Failure to tell us the spa is more than 3 feet off the ground or sunk into a deck will result in a forfeiture of the **\$400** fee – due to wasted labor and fuel fees! **If a crane is needed to remove the spa, all cost associated with that will be on the owner. Pools Plus reserves the right to refuse a spa move based on the brand of spa being removed. If spa needs to be taken to the dump and not to a new spa location an additional \$100 will be charged. Initials _____**

Disclaimers: Pools Plus will not warranty a spa moved by Pools Plus. Pools Plus accepts no responsibility for the condition of the spa prior to or after the move. Under no circumstances shall Pools Plus be responsible for any repairs to a spa being moved by Pools Plus. Pools Plus will not be responsible for lawn damage caused during the move. Pools Plus cannot guarantee the exact time we arrive to move a spa.
